

STAFF WORKSHOPS WITH CJ LIM

One classroom focus. Shared next steps.

Practical discussion for teachers, shadow aides and school teams.

Build around your team's everyday questions.

Choose a focus such as understanding distress, clearer communication or smoother transitions. Explore classroom examples together and discuss what your team could try.

01

Notice the situation

Describe what happens in a classroom routine and what remains unclear.

02

Explore an adjustment

Discuss a practical change to instructions, support or the environment.

03

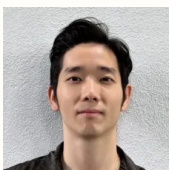

Plan what to review

Choose what to observe and discuss together after trying an adjustment.

Plan the right session

Share your school, team size, main focus and preferred dates. CJ reviews fit and availability, then discusses delivery arrangements, duration, fees and any materials or follow-up. These are agreed before booking.

Team discussion and educator & aide guidance are also available to discuss.
